

from **PLANS** to performance

# FROM CONCEPT TO CUSTOM DESIGN

From simple to dramatic

*Our attention to detail is far from customary.*

## APPLICATIONS

From form to functionality

Wolverine Interiors, Inc. has designed and installed millions of square feet of casework, fixtures, and furnishings. Our projects range from "simple" catalog orders to highly complex projects that involve coordinating thousands of details.

- Metal, wood, and laminate cabinetry, casework, countertops, and accessories
- Complete computer, science, and technology labs
- Fume hoods, safety equipment, and service fixtures
- Library and early-learning furniture
- Administrative/medical workstations

### Claremore Regional Hospital, Claremore, Oklahoma

Using the latest 3-D design software, Wolverine Interiors, Inc. gives shape to your concepts. Here, 3-D imagery shows how reception areas at Claremore Regional Hospital combine style with functionality.

**The Heart Center of Indiana, Carmel, Indiana**  
Casework, furnishings, and fixtures for the chapel, café service, surgical suites, patient rooms, nurses' stations, and reception areas showcase Wolverine's full spectrum of design expertise at The Heart Center.

## EXCEEDING YOUR EXPECTATIONS

Is our ultimate goal

**Kellogg Community College, Battle Creek, Michigan**  
Custom-designed islands incorporating electrical and data connections enhance the learning environment in the science labs at Kellogg Community College.

**Michigan State University, East Lansing, Michigan**  
Fixed and mobile casework, adjustable shelving modules, and flexible service connections create a dynamic, ultra-modern environment for the Animal Health Diagnostic Laboratory at Michigan State University.

**Spring Lake High School, Spring Lake, Michigan**

The science rooms at Spring Lake High School were designed specifically to meet students' needs, allowing optimal learning in each discipline.

**MARKETS**

From here to there

At Wolverine, no job is too big, no task too small. We go wherever our customers' plans take us.

- Childcare/early learning
- K-12
- University
- Industrial
- Laboratory
- Library
- Medical
- Office

**THE COMPLETE PACKAGE**

From start to finish

Every stage of your project is important to us. From initial consultation through numerous specifications to final installation, we don't rest until the last detail is in place.

- One-on-one project consultation
- In-house computer-aided design (CAD)
- Quality products from respected manufacturers
- Expert installation team
- On-time delivery
- Competitive pricing
- Dedication to client satisfaction

**The Heart Center of Indiana, Carmel, Indiana**

Surgical suites at The Heart Center were planned for maximum versatility and accessibility.

## ADAPTING TO CHANGING NEEDS

High tech meets high style

### Wayne County Community College, Detroit, Michigan

To meet the needs of students preparing for careers in various allied health and science disciplines, Wayne County Community College called on the expertise of Wolverine Interiors to update laboratories at four of its campuses. Traditional fixed casework combined with flexible components, like moveable workspaces and overhead lighting/service modules, allows for easy interchangeability and long-term adaptability to new equipment and changing space needs.
